PUBLIC MEETING & WORKSHOPS

Workshop Notice - Joint Natural Gas Market Workshop of California Public Utilities Commission and California Energy Commission

December 9, 2003
9am – 5pm

and

December 10, 2003
9am – 5pm

Hiram W. Johnson State Office Building
455 Golden Gate Avenue, Auditorium
San Francisco

The workshop will address California's future natural gas needs and we are seeking speakers from industry, consumer groups, staff of governmental agencies or other interested parties. The workshop is not intended to be a formal proceeding, but will be informative on very important issues to California. The staffs of the CPUC and the CEC have prepared an agenda for the topics to be discussed at this workshop. The agenda can be found on the CPUC and the CEC's websites. The CPUC and CEC staff are currently soliciting speakers to participate on each of the panels and are hoping to have a cross-section of speakers representing various perspectives of the industry, consumer groups, government agencies and other interested

parties. If your organization is interested in participating, please send an email to both of the following staff members of the CPUC and CEC by November 14, 2003:

Wendy Maria Phelps	Jairam Gopal
CPUC Energy Division	CEC Natural Gas and Special Projects Office
Email: wmp@cpuc.ca.gov	E-mail: jgopal@energy.state.ca.us
Telephone: (415) 703-2311	Telephone: (916) 654-4880

The workshop will be open to the public. Based upon what we learn at this workshop, the CPUC intends to issue an Order Instituting Rulemaking or an Order Instituting Investigation in early 2004, which would address some of the matters discussed at the workshop and would culminate by the end of the year with a decision affecting natural gas supply and infrastructure issues for California investor-owned energy utilities under the CPUC's jurisdiction. The CEC staff will use this information to update their natural gas outlooks and provide a foundation for future energy policy recommendations to the CEC that can be considered in future updates to the Integrated Energy Policy Report. Both agencies are conducting this effort to help implement the previously adopted Energy Action Plan.

12/2/03 A01-02-012 Verizon California Inc. (U-1002-C), a Corporation, for Authority to Re-Categorize Inside Wire Maintenance Plans and Billable Repair Service from Category II to Category III Service Offerings.

Summary: On November 25, 2003, Tim McCallion, President – Pacific Region, Verizon California Inc. (Verizon), met with Lester Wong, advisor to Cmmr. Peevey, in San Francisco. Also present were Robert Wullenjohn, advisor to Cmmr. Brown, and Michael Yaki, Counsel, representing Verizon. McCallion expressed disappointment at the proposed decision (PD) on Verizon's request to recategorize inside wire maintenance from Category II to Category III. McCallion noted that the Commission has already made a decision that the service is competitive with respect to SBC. McCallion noted that the PD's reliance on market share as an indicator of market power is in error. McCallion also noted that the PD virtually ignores compelling evidence that the elasticity of demand is high for inside wire maintenance – there are a large number of alternatives.

Summary: AUGMENTATION REQUIRED. On December 1, 2003, Avis Clark of Calpine Corporation (Calpine) met with Belinda Gatti, advisor to Cmmr. Brown. Also present were David Springmeyer and Wendall Harkleroad of IMC Chemicals Inc., and Joseph Karp of White & Case LLP, attorney for Calpine, Duke Energy North America, Mirant America, Inc., and Watson Cogeneration Company. Karp stated that the Commission should clarify that the utilities do not need to get additional El Paso Capacity; order a cash refund for non-core gas customers of Pacific Gas and Electric Company for amounts that these customers previously paid to PG&E; and defer TURN's strategic reserve proposal.
